Children's Hospital Colorado

School Nurse Foundations #3: Students with Medical Complexities
(Trach/Vents/Oxygen, Epidermolysis Bullosa, Advanced School Emergencies)

January 22, 2027 • Please arrive by 7:30 am. The training will start promptly at 7:55 am-4:15
Thompson School District, 800 Taft Ave, Board Room, Loveland, CO 80537

Faculty
Children's Hospital School Health Team

Overview and Target Audience
School nurses and Childcare Health Consultants are increasingly caring for students with complex medical conditions and emergency health needs in educational settings. This educational activity provides evidence-based guidance, practical strategies, and hands-on learning experiences to strengthen the assessment, management, and care coordination skills necessary to support students with specialized healthcare needs in the school setting.

Participants will learn current best practices for caring for students with tracheostomies, ventilators, oxygen support needs, Epidermolysis Bullosa (EB), and school-based medical emergencies. Through didactic presentations, hands-on skill stations, and case-based discussions, school nurses will gain knowledge and skills that can be immediately applied in practice to improve student safety, health outcomes, and readiness to learn.

Learning Outcomes

Learners will self-report increased knowledge of evidence-based practices for the management of medically complex students and school health emergencies including tracheostomy management, ventilator support, oxygen therapy, Epidermolysis Bullosa, and advanced emergency preparedness school and childcare settings.

Nursing Continuing Professional Development Credit
Registration, sign-in, attendance, and submission of the evaluation, including a written response to questions related to any change in practice that you may make due to learning that took place at this program, are required for successful completion and receipt of the NCPD credit certificate of attendance. Claim only those hours you attend.

Children's Hospital Colorado is approved with distinction as a provider of nursing continuing professional development by Colorado Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. This educational offering for **7** nursing contact hours are provided by Children's Hospital Colorado.
Disclosures: Planners and faculty in control of content have no relevant financial relationships with ineligible companies.

Registration Information
Registration Fee: $20

No refunds will be granted for non-attendance, although you may send a substitute. In the event the program is canceled, you will be notified, and a full refund will be given. Please visit CE.Childrenscolorado.org to create an account and to register for the training by searching for **School Health Foundations #3**. Registration closes Thursday, January 21, 2027. You will receive a confirmation email shortly after completing the registration process. For further information, contact donnya.mogensen@childrenscolorado.org
